Business arising from previous minutes

21. Building Engineering Proposal

Already dealt with under point 8.

22. Ph.D. in Business Administration - Status Report

Prof. B. Mallen briefly reported on the status of the programme. He said that the proposal is now in the hands of the Comité des Programmes and we should be hearing from them early in April.

23. Extended Credit Programme

Prof. Dauderis raised the issue of the new standards for admission for Concordia within the Extended Credit Programme. A lengthy discussion followed and Mr. Smart suggested asking Father Malone, as Chairman of the Joint Registrar's Committee for an explanation of the new joint admissions policy. Faculty felt that while that may not be necessary at this time, an invitation to the Admissions Officers of both campuses may be in order. The Chairman agreed to arrange for such invitations for the next Faculty Council meeting. He also agreed to gather additional information with regard to the official standing of the details of the policy of the Extended Credit Programme.

24. Full-Time/Part-Time vs. Day/Evening operation - contact hour implications

This was left pending as it is under discussion by the Merger Implementation Task Force.

27. C.A. Courses

Prof. H. Dauderis reported that with the passage of Bill 250, the education of professional people is being shifted to educational institutions. Chartered Accountant's courses in English are now offered by McGill only, because of the special contract they have with the Order of Chartered Accountants.

Prof. H. Mann reported that a preliminary proposal has been prepared for presentation to the Order of C.A.'s. This states that we (i.e. Concordia) would be willing to put on courses necessary for C.A. students. The Chairman asked Council if it can see any reason why we should not develop in that direction given that the Accountancy Departments are in favour of such a move.

There was a general feeling that the Faculty ought to move in this direction if it can be arranged.

Prof. D. MacDonald moved that a four-member committee be set up

(2 from the Loyola Accountancy Department and 2 from the SGW Accountancy Department) to study this issue in detail and come back with a report to this Faculty Council as soon as possible.

28. Evening Admission Requirements for the B.Comm. programme

Prof. Dauderis reported that B.Comm. students in the evening programme cannot come to Sir George until they are 21 but Loyola and McGill accept them at the age of 18. He asked for clarification of these policies.

Prof. H. Dauderis moved that the Admissions Office be asked for clarification of the difference in the admission policies.

Seconded by Mr. M. Lattoni.

Carried

The Chairman reminded Council that according to the previous agreement of this meeting (point no. 23) the experts will be present at the next meeting anyway, and thus we will be able to get clarification of this issue at that time.
